01/13/2010 - This IAR is to report the status of an ongoing Alameda County District Attorney's Office investigation involving ED-Coat, a zinc plating facility, located in Oakland, California. EPA-CID assisted Alameda County Environmental Investigators with the execution of a Search Warrant at the facility in April of 2009.

On January 13, 2010 [REDACTED] spoke to [REDACTED] of the Alameda County District Attorney's Office Consumer and Environmental Protection Division. [REDACTED] inquired about the county's ongoing investigation of ED-COAT concerning violations of public health and worker's compensation laws.

informed [REDACTED] that Assistant District Attorney

stated that further investigation was not necessary.
